

FAQ – Beach Chair

➤ Use

○ **Which features does the Beach chair offer me?**

The Beach Chair is a portable chair that you can take anywhere. Use the Beach Chair on the beach, in the back yard, on your rooftop terrace or take it to the park. The beach chair has three positions, which makes it suitable for either reading a book or taking an afternoon nap in the summer sun. Lightweight and foldable, you easily take it with you to your favorite spot!

○ **What does the Beach Chair not withstand?**

Too much exposure of the Beach Chair to bright sunlight and bad weather conditions, such as storm and rain, can cause discoloration.

➤ Safety

○ **What safety hazards does the Beach Chair pose?**

Always check if the chair is folded out correctly. The chair is folded out correctly if the crossbar fits well in the notch. Beware of entrapment of fingers or hands when folding or unfolding the chair. Incorrect or rough use (e.g. hard falling or jumping in the chair) may cause the textile to tear.

When used normally the Beach Chair poses little risk.

○ **Are there hazards for small children or other target groups?**

There are no additional risks for small children and other target groups other than mentioned above.

➤ Maintenance

○ **What do I need to pay attention to when maintaining the Beach Chair?**

The seat of the Beach Chair consists of cotton with a dirt-repellent coating, the frame is made of varnished beech wood. Stains in the textile can be removed with warm water. When using cleaning products we advise to always test the product on a small piece of the chair beforehand, to prevent damage.

○ **How important is maintenance to the Beach Chair?**

It's important to make sure that the Beach Chair is not exposed to bad weather conditions for too long. In addition, it's advisable to keep the textile clean; remove food residue and stains with warm water.

○ **How long will the Beach Chair last?**

The life span of the Beach Chair strongly depends on the use. When used carefully (little to no exposure to bright sunlight and bad weather conditions) and by storing the Beach Chair indoors after use, the Beach Chair will last a very long time.

➤ Weather conditions

○ **How can I protect the Beach Chair from bad weather conditions?**

Fold the Beach Chair and store it in a dry, covered space.

➤ Material

○ **What materials does the Beach Chair consist of?**

Cotton with a dirt-repellent coating and varnished beech wood.

○ **How much does the Beach Chair weigh?**

5kg.

○ **Is the Beach Chair easy to transport?**

The chair is light and foldable, making it easy to transport.

➤ Packaging

○ **How will the Beach Chair be packaged?**

The Beach Chair is packaged flat (folded) in a cardboard box. This is done as compactly as possible, to limit the use of cardboard.

○ **What packaging materials are used?**

A cardboard box.
