

FAQ – Forestry Set

➤ Use

○ **Which features does the Forestry Set offer me?**

The Forestry Set is a unique set, made of Douglas wood originating from the Dutch forests. The Forestry Set is suitable for both indoor and outdoor use. The set can be used in many different ways, such as a dinner table and bench, conference table, picnic table, terrace table or yard table.

○ **What does the Forestry Set not withstand?**

The Forestry Set is made of untreated Douglas wood. If you decide to leave it untreated, the set will gray due to weather conditions. However, this will not detract from the quality of the Forestry Set.

➤ Safety

○ **What safety hazards does the Forestry Set pose?**

The Forestry Set's tabletop and bench seat have pointy corners. Bumping into these with the body can be painful. Because the set still shows the original contours of the tree on the sides, small to medium-sized splinters may be present.

➤ Maintenance

○ **What do I need to pay attention to when maintaining the Forestry Set?**

The table is untreated. If you wish, you may impregnate or stain it in the color of your choosing. In case cleaning products are used for the Forestry Set, carefully read the instructions of these products to prevent them from damaging the Forestry Set.

○ **How important is maintenance to the Forestry Set?**

As with any other table, it's important to remove dirt, like food residue and greases, from the wood as quickly as possible. We recommend cleaning the table regularly to optimally prolong the lifespan of the Forestry Set.

○ **Which cleaning products can't I use on the Forestry Set.**

If you leave the table untreated, it's advisable to read the instructions of the cleaning products. This is to prevent the cleaning products from damaging the Forestry Set.

➤ Weather conditions

○ **Which weather conditions will the Forestry Set withstand?**

The Forestry Set is made of Dutch Douglas wood and, in principle, can withstand all weather conditions. The Forestry Set will gray if you choose to leave the wood untreated.

○ **How can I protect the Forestry Set from various weather conditions?**

Discoloration can be delayed by impregnating or staining the table. The process can also be delayed by storing the set indoors.

➤ Material

○ **What materials does the Forestry Set consist of?**

Dutch Douglas wood (untreated) and galvanized and powder coated steel.

○ **How much does the Forestry Set weigh?**

The Forestry Set is available in various sizes that come in different weights:

6 person table: 70kg.

8 person table: 100kg.

12 person table: 150kg.

3 person bench: 27kg.

4 person bench: 35kg.

○ **Is the Forestry Set easy to move?**

The Forestry Set is easy to take hold of. It is advisable to move the set with a sufficient number of people; the larger the size, the heavier the set will be.

➤ **Packaging**

○ **How will the Forestry Set be packaged?**

The tops and legs will be delivered separately in a flat pack.

○ **What packaging materials are used?**

The Forestry Set's most vulnerable parts will be protected by cardboard and wood.
