

this mobile  
outdoor bench  
is not just  
functional  
but also very  
comfortable

## FAQ - WHEELBENCH

### Use

---

#### Which features does the Wheelbench offer me?

The Wheelbench is a mobile outdoor bench that you can take with you to the most beautiful and nicest places at any time of the year. With the help of the two extended handlebars and the wheel you easily move the Wheelbench to that last spot in the sun, out the wind or to the place with the nicest view.

### Safety

---

#### What safety hazards does the Wheelbench pose?

There are no particular safety hazards for the Wheelbench.

### Maintenance

---

#### What do I need to pay attention to when maintaining the Wheelbench?

The Wheelbench will be delivered untreated. After delivery you can choose to treat the wood yourself with oil, paint it or to treat it with a coating to retain the original wood color. If you don't treat the Wheelbench it will gray. If the axis of the wheel leaves grease stains on the wood, they can be removed with a moist cloth and diluted soap.

#### How important is maintenance to the Wheelbench?

Without treatment the Wheelbench will last for 10-20 years. We do recommend cleaning the bench regularly with a moist cloth and diluted soap.

#### How long will the Wheelbench last?

The Wheelbench will last 10-20 years without treatment.

### Weather conditions

---

#### Which weather conditions will the Wheelbench withstand?

The Wheelbench is designed for outdoor use and will therefore also withstand the daily weather conditions. However, the Wheelbench will gray in case you leave it untreated. This is due to the effects of rain and UV-radiation.

#### How can I protect the Wheelbench from various weather conditions?

The Wheelbench can be treated with oil or a transparent coating. The Wheelbench can also be painted in its totality in your desired color.

### Material

---

#### What materials does the Wheelbench consist of?

Untreated oak wood and a plastic wheel with a stainless steel axis.

#### How much does the Wheelbench weigh?

The Wheelbench weighs 25 kg.

#### Is the Wheelbench easy to transport?

The Wheelbench is designed to be carried around by one person, single-handedly. The extended handlebars and the wheel make it easy to lift and ride around. Virtually anyone is able to move it.

### Packaging

---

#### How will the Wheelbench be packaged?

The Wheelbench is delivered in a flat pack packaging.

#### What packaging materials are used?

Cardboard.

#### What are the dimensions of the packaging?

210×50×20cm.
