FAQ - Flying Dishman

Use

Which features does the Flying Dishman offer me?

The Flying Dishman is a circular lounge island on which you can lounge with up to three people laying down. Because of its circular design, you have a 360 degrees view. The Flying Dishman is available with or without a Kvadrat cushion set.

What does the Flying Dishman not withstand?

Avoid point loads on the Flying Dishman when it is in direct sun light for a long time. The material gets softer when warm and might deform permanently.

Safety

What safety hazards does the Flying Dishman pose?

When too much weight is placed on the edge of the Flying Dishman, there is a risk of it tipping over.

Maintenance

What do I need to pay attention to when maintaining the Flying Dishman?

The Flying Dishman does not require any specific maintenance. For cleaning, use a mild soap solution, some water and a soft cloth or non-abrasive brush.

How important is maintenance to the Flying Dishman?

The Flying Dishman is made of a durable material that does not require a lot of maintenance.

Which cleaning products can I use on the Flying Dishman?

A mild soap solution and clean water.

Weather conditions

Which weather conditions will the Flying Dishman withstand?

The Flying Dishman is designed for outdoors and is able to withstand daily weather conditions.

Material

What materials does the Flying Dishman consist of?

Recycled waste containers and partly from new material.

How much does the Flying Dishman weigh?
